SUMMARY

Result-driven frontend developer with expertise in React.js, Next.js, Redux, and TypeScript, skilled in building high-performance user interfaces and collaborating within Agile teams to deliver seamless web applications.

TECHNICAL SKILLS

Languages & Frameworks: React.js, Next.js, Redux, JavaScript, TypeScript, HTML, CSS, SASS, REST APIs
Databases: Firebase, MongoDB
State Management: Redux, Context API
Tools & Technologies: Responsive Web Design, Webpack, Babel, Git, GitHub, CI/CD, Postman, Jira, NPM/Yarn, Bootstrap, TailwindCSS, Material UI

EXPERIENCE

Hashstudioz Technologies   August 2022 – Present
Software Engineer   *Noida, India*
- Built fast, responsive UIs for 5,000+ users, cutting load times by 35%.
- Shipped 30+ real-time features to boost user engagement and speed.
- Set up CI/CD and testing to cut release time by 50%.
- Integrated 10+ APIs, reducing manual effort by 60% and tripling feature rollout.

PROJECTS

Motonexa | *React.js, TypeScript, Redux, Socket.IO, HTML, CSS, TailwindCSS, REST APIs* December 2024 – Present
- Developed responsive, user-friendly interfaces for garages and suppliers using React and TypeScript.
- Integrated real-time messaging via Socket.IO and WhatsApp communication using WATI APIs.
- Implemented role-based UI access and session handling integrated with Keycloak authentication.
- Consumed REST APIs to display dynamic order, RFQ, and tracking data with seamless user workflows.

Massage99 | *React.js, Redux, TypeScript, WebSockets, REST APIs, Payment Gateway* July 2024 – December 2024
- Built a booking interface for 500+ massage chairs with QR scan-to-pay functionality.
- Integrated payment gateway flows, reducing checkout time by 40%.
- Developed real-time status tracking, boosting user engagement and booking success rate by 30%.

Immunoact | *Next.js, React.js, TypeScript, Redux, WebSockets*   March 2023 – January 2024
- Built responsive UIs to manage hospitals, doctors, patients, and multi-phase clinical trials.
- Integrated appointment workflows, patient tracking, and automated reporting interfaces.
- Developed real-time role-based chat using WebSockets for seamless in-app communication.

FiveStone Taxwizard | *React.js, TypeScript, Next.js, REST APIs*   June 2022 – Feb 2023
- Developed user interfaces to add property data and display real-time tax estimates based on dynamic formulas.
- Built interactive dashboards for tax calculation, visualization, and appeal filing.
- Integrated frontend workflows with backend APIs to automate court appeal submission and status tracking.

EDUCATION

Maharshi Dayanand University - 7.2 CGPA   Rohtak, Haryana
Bachelor of Commerce   *2019 – 2022*

Shri Baba Mast Nath Public School - 70.6 CGPA   Rohtak, India
Senior Secondary (12th Grade)   *2014 – 2019*

Shri Baba Mast Nath Public School - 8.2 CGPA   Rohtak, India
Secondary (10th Grade)   *2016 – 2017*
